On August 18, 2011, our Grand Jury team met in Mumbai to choose the winners. The jury team was divided in three groups A, B & C. The nominations were then shared with these groups category wise. For example, Group B consisting of Mr Pradeep Singh, Mr S Paramasivan, Mr Rajamannar Ramaswamy & Mr Parvesh Minocha was given all the nominations for Infrastructure Person of the Year, Developer of the Year, Real Estate Person of the Year, Seaport Project of the Year and the Research & Innovation Award. Other nominations were similarly divided between the other two groups. The Jury's decision was final. Of course, we must clarify that two Awards 'Airport Project of the Year' and 'Contractor of the year' were independently chosen by our editorial team for 'Editorial Choice Awards'. The basis of selection was editorial research and analysis of these winners' performance over the last twelve months.
