**To Whom It May Concern**

This is to certify that AFCONS INFRASTRUCTURE LIMITED, Afcons House Mumbai - 400053, agency for the work "Construction of Grade Separator at Rajaram Kohli Marg and Shastri Nagar intersection at Geeta Colony Delhi, has done best Job in establishing and maintaining Safety, health and Environmental aspects including Traffic Diversion and its control through out the period form stipulated date of start i.e. 21.04.2007 to till date.

From RRKM and SNI Junctions, maximum vehicles are crossing everyday and it was a tough task for the traffic control and to execute the work safely due to regular jams of the vehicles, road accident prone area and adverse situation for the traffic control, it was a very difficult job of Heavy movements of the crane, Transit Mixer, Dumpers and materials shifting on the road, surrounding gathering of public, barricading and segregation and working safely without any incident and accident, which was only possible due to well maintained safety standard at the working area of the project.

We have observed that AFCONS is taking continuous efforts to control the traffic and adopt safe work procedure to maintain Health, Safety and environment aspects at project site.

During this period (since April 2007 to till date) maximum man days worked without major accident.

We appreciate AFCONS safety management for continuously following their safety norms.
