Dear Sir,

Safety, Health and Environmental Inspection at Cruise Berth Facility

We refer to our site inspection scheduled for Thursday 23 April 2009. We are delighted to bring to your attention the fact that very few hazards could be identified on your work site. We are impressed by the level of Safety on the construction site. We even venture to say that you are among the few select in Mauritius with such high level of safety prevailing on site.

We seize this opportunity to thank you for permission granted and Mr .A.K Roy, SHE Manager who accompanied us during the Safety tour. Above all, we would like to thank the Safety and Health Consultant, *Mr. Jean Pascal VOLBERT* for his invaluable contribution in ensuring and promoting a Top Class level of Safety at your workplace.

We wish you again good luck in your future endeavours.

Yours Faithfully,

R. GOORIAH
