Respected Sir/ Madam,

Re: Application seeking relaxation under Regulation 300 of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (the “SEBI ICDR Regulations, and such application, this “Application”) in connection with a proposed initial public offering of equity shares (the “IPO”) by Afcons Infrastructure Limited (the “Company”) for: (i) eligibility of specified securities for computation of minimum promoters’ contribution in terms of Regulation 15 of the SEBI ICDR Regulations, and (ii) identification of certain companies as ‘group companies’ in the offer documents to be prepared by the Company

Background

1. Afcons Infrastructure Limited is a public limited company incorporated on November 22, 1976. The Company is engaged in the business of providing engineering, procurement and construction services across several infrastructure segments.
2. As of the date of this Application, 2.22% of the fully diluted equity share capital of the Company is held in the form of fully paid-up, compulsorily convertible non-cumulative non-participatory preference shares (“CCPS”). Further, 97.78% of the fully diluted equity share capital of the Company is held in the form of equity shares (“Equity Shares”). 76.65% of the fully diluted equity share capital of the Company was converted from CCPS into Equity Shares on January 13, 2024 (such converted CCPS referred to as “Converted CCPS”, and the Equity Shares arising from the Converted CCPS, the “First Resultant Equity Shares”). While the Company has passed the necessary resolution for the allotment of the First Resultant Equity Shares on January 13, 2024, the credit of the First Resultant Equity Shares will be undertaken pursuant to completion of the relevant corporate actions with the regulatory authorities in due course. The shareholding pattern of the Company, prior to conversion of the Converted CCPS into the First Resultant Equity Shares, and as on the date of this Application, on a fully diluted basis, is set forth in **Annexure A1** and **Annexure A2**, respectively.
3. Subject to receipt of necessary approvals and other considerations, the Company is in the process of preparing a draft red herring prospectus (“DRHP”) in relation to the IPO of its Equity Shares in accordance with the SEBI ICDR Regulations, the Companies Act, 2013, as amended, and other applicable laws. In connection with the IPO, the Company will identify its promoters in accordance with Regulation 2(1)(oo) of the SEBI ICDR Regulations. Further, subject to the required corporate actions being passed, the Company is in the process of coordinating with the holders of the outstanding CCPS, for conversion of all outstanding CCPS into Equity Shares before filing of the DRHP.

(a) Minimum Promoters' Contribution

4. In terms of Regulation 14 of the SEBI ICDR Regulations, Equity Shares held by the promoters representing at least 20% of the post-IPO capital of the Company (the “**Minimum Promoters' Contribution**”) are required to be locked in for a period of 18 months or three years (subject to the finalized objects of the IPO and certain other conditions) from the date of the allotment in the IPO. Regulation 15(1)(b) of the SEBI ICDR Regulations further prescribes that Equity Shares acquired by the promoters during the preceding one year at a price lower than the price at which such Equity Shares are being offered to the public in the IPO are ineligible for the computation of Minimum Promoters' Contribution, subject to certain exceptions.
5. As per Regulation 4 of the SEBI ICDR Regulations, read with Regulation 14 of the SEBI ICDR Regulations, the Equity Shares proposed to be offered towards Minimum Promoters' Contribution must be eligible in accordance with Regulation 15 of SEBI ICDR Regulations. Given the facts described above, in order to be eligible for the Minimum Promoters' Contribution in accordance with the SEBI ICDR Regulations, the First Resultant Equity Shares and the Equity Shares arising out of the conversion of the outstanding CCPS (such Equity Shares, the “**Second Resultant Equity Shares**, and together with the First Resultant Equity Shares, the “**Resultant Equity Shares**”), which have been held for more than one year prior to the filing of the DRHP, will also need to be considered for fulfilling the requirements for Minimum Promoters' Contribution, despite the fact that such Resultant Equity Shares would have been acquired by the Promoters (as defined below) in the last one year at a price lower than the offer price.
6. All of the outstanding CCPS of the Company will be converted to Second Resultant Equity Shares prior to the filing of its DRHP. The Converted CCPS, and the outstanding CCPS which are proposed to be converted prior to the filing of the DRHP, for the purpose of the Minimum Promoters' Contribution, were acquired by the entities which are proposed to be identified as promoters in accordance with SEBI ICDR Regulations (“**Promoters**”), on or prior to March 22, 2014 (such outstanding CCPS, together with Converted CCPS, the “**Eligible CCPS**”). Please note that in addition to the Resultant Equity Shares, the Promoters will also contribute certain other eligible Equity Shares held by them for fulfilling the requirements for Minimum Promoters' Contribution.

(b) Identification of group companies

7. In accordance with the provisions of Regulation 2(1)(t) of the SEBI ICDR Regulations, group companies are defined as follows:

“group companies”, shall include such companies (other than promoter(s) and subsidiary/subsidiaries) with which there were related party transactions, during the period for which financial information is disclosed, as covered under the applicable accounting standards, and also other companies as considered material by the board of the issuer”

8. Accordingly, the Company will consider the following companies as part of its “group companies”: (i) the companies (other than the Promoters and the Company’s subsidiaries) with which there were related party transactions, as disclosed in the restated consolidated financial information of the Company and its subsidiaries as of and for the financial years ended March 31, 2021, March 31, 2022 and March 31, 2023 and as of and for the six-month period ended September 30, 2023; and (ii) such other companies considered material for the purposes of disclosure as a group company in connection with the IPO as will be identified in accordance with the policy adopted by the Company’s board of directors in accordance with the requirements under the SEBI ICDR Regulations.
9. In this regard, the below is submitted:
- (a) **Eureka Forbes Limited:** The Company had related party transactions during Fiscal 2021 with Eureka Forbes Limited (“EFL”). EFL was one of the related parties of the Company on account of the shareholding (which includes indirect shareholding) of one of the Promoters, Shapoorji Pallonji and Company Private Limited (“SPCPL”), in EFL. Pursuant to a scheme of amalgamation which was approved by the National Company Law Tribunal, Mumbai by way of an order dated January 25, 2022, EFL ceased to be a related party of the Company from February 1, 2022.
- (b) **Forbes Facility Services Private Limited:** The Company had related party transactions during Fiscals 2021, 2022 and 2023 with Forbes Facility Services Private Limited (“FFSPL”). FFSPL was one of the related parties of the Company on account of the shareholding (which includes indirect shareholding) of one of the Promoters, SPCPL, in FFSPL. Thereafter, pursuant to a share purchase agreement dated May 20, 2022, SPCPL ceased to be a shareholder (direct or indirect) in FFSPL and, accordingly, FFSPL ceased to be a related party of the Company from such date.
- (c) **HPCL Shapoorji Energy Private Limited:** The Company had related party transactions during Fiscal 2021 with HPCL Shapoorji Energy Private Limited (“HSEPL”). HSEPL was one of the related parties of the Company on account of the shareholding (which includes indirect shareholding) of one of the Promoters, SPCPL, in HSEPL. Thereafter, pursuant to a share transfer dated March 30, 2021, SPCPL ceased to be a shareholder (direct or indirect) in HSEPL and, accordingly, HSEPL ceased to be a related party of the Company from such date. Thereafter, HPCL Shapoorji Energy Private Limited has been renamed as HPCL LNG Limited.
10. Details of the related party transactions with EFL, FFSPL and HSEPL for Fiscals 2021, 2022 and 2023 and the six-month period ended September 30, 2023 have been set forth in **Annexure B**. Further, all related party transactions (on a standalone and consolidated basis) for Fiscal 2021, 2022 and 2023 and the six-month period ended September 30, 2023 have been annexed hereto as **Annexure C**. As of the date of this Application, SPCPL or any of the other Promoters do not, directly or indirectly, hold any shares in EFL, FFSPL and HSEPL and, consequently, these entities are no longer related parties of the Company.

Grounds for seeking exemption

(a) Minimum Promoters' Contribution

11. The Eligible CCPS that will be used for Minimum Promoters' Contribution were fully paid-up at the time of their issuance, *i.e.*, more than one year preceding the date on which the DRHP will be filed with the Securities and Exchange Board of India ("SEBI"). The Converted CCPS have been, and the outstanding CCPS shall be, converted into Equity Shares based on the applicable conversion formula without any further requirement for the CCPS holders to contribute additional funds at the time of their conversion into Equity Shares.
12. As of the date of this Application, more than 90% of the total outstanding share capital of the Company has been held by the Promoters for a continuous period of more than one year (*i.e.*, the Converted CCPS and the outstanding CCPS, and the existing Equity Shares which were held prior to the conversion of Converted CCPS), and the First Resultant Equity Shares and the outstanding CCPS (until their conversion into Second Resultant Equity Shares prior to the filing of the DRHP), will continue to be held by the Promoters. Given the current capital structure of the Company, for computation of the Minimum Promoters' Contribution, certain Resultant Equity Shares will need to be considered towards Minimum Promoters' Contribution.
13. While Regulation 15 of the SEBI ICDR Regulations uses the term 'specified securities' (which is defined under the SEBI ICDR Regulations to mean equity shares and convertible securities), and does not explicitly consider the holding period of convertible securities for the purpose of compliance with the eligibility conditions contained therein, other provisions of the SEBI ICDR Regulations, in essence, give due regard to the period for which capital has been committed by a shareholder in an issuer rather than the form of the specified security through which such capital was committed by the shareholder. For instance:
 - (a) Under the proviso to Regulation 8 of the SEBI ICDR Regulations, in the event the equity shares issued on conversion or exchange of fully paid-up compulsorily convertible securities are being offered for sale, the holding period of such convertible securities is considered for the purposes of meeting the one year holding requirement under the SEBI ICDR Regulations;
 - (b) Under Regulation 15(1)(b)(ii), specified securities allotted pursuant to terms of a scheme under Sections 230-234 of the Companies Act, 2013, approved by the High Court or tribunal or the Central Government, as may be, are also eligible for being part of Minimum Promoters' Contribution if issued against invested capital held for one year prior to the approval;
 - (c) Under Regulation 15(1)(c) of the SEBI ICDR Regulations read with the proviso thereto, for issuers formed by conversion of one or more partnership firms or limited liability partnerships, where the partners of the erstwhile partnership firms or limited liability partnerships are the promoters of the issuer and there is no change in management, specified securities, allotted to such promoters against the capital existing in such firms for a period of more than one year on a continuous basis are considered eligible for Minimum Promoters' Contribution even if the specified securities have been allotted to the promoters during the preceding one year at a price less than the offer price; and

- (d) Under Regulation 15(1)(a)(ii), certain categories of bonus shares are eligible for Minimum Promoters' Contribution so long as they are issued against specified securities that are otherwise eligible. This reflects that, in case of bonus issues, the capital commitment is derived from the underlying securities.
14. The underlying principle, in the aforementioned paragraphs 13 (a) to (d), is that the invested capital should have been in existence and committed for a period of more than one year and the instrument should be fully paid-up for such resultant equity shares to be eligible to participate in an offer for sale and to include such equity shares towards Minimum Promoters' Contribution, as applicable. It is submitted that the Eligible CCPS that will be included in the Minimum Promoters' Contribution, were fully-paid up at the time of their issuance and have been held by the Promoters for a period of more than one year as specified under Regulation 15(1)(b) of SEBI ICDR Regulations. Accordingly, the invested capital has been in existence in the Company, for a period of more than one year prior to the date on which the DRHP will be filed with the SEBI, complying with the spirit of Regulation 15 of the SEBI ICDR Regulations.
15. Therefore, the Company will need to consider the Resultant Equity Shares arising out of conversion of Eligible CCPS held and fully paid up for more than the one year period stipulated under Regulation 15(1)(b) of SEBI ICDR Regulations and the Promoters will need to contribute such Resultant Equity Shares, as mentioned above, in order to comply with the Minimum Promoters' Contribution requirement under the SEBI ICDR Regulations. Accordingly, the exemption set out below is being sought through this Application.

In summary, we confirm that: (i) the Eligible CCPS, for purposes of the Minimum Promoters' Contribution, were fully paid-up at the time of their issuance and will have been held for a period of more than one year prior to the filing of the DRHP; (ii) the Eligible CCPS have been and will be converted into the Resultant Equity Shares prior to the filing of the DRHP; and (iii) the details of the Eligible CCPS and their conversion into the Resultant Equity Shares will be disclosed in the DRHP.

(b) Identification of group companies

16. SPCPL or any of the other Promoters do not, directly or indirectly, hold any shares in EFL, FFSPL and HSEPL. Further, as the entire shareholding in EFL, FFSPL and HSEPL is held by third parties who are unrelated to the Company, EFL, FFSPL and HSEPL are no longer part of the same group as the Company. Consequently, categorizing these companies, which have ceased to be related parties of the Company, as 'group companies' in the offer documents may provide incorrect information to prospective investors. Accordingly, in order to provide accurate disclosures to prospective investors, it is proposed that EFL, FFSPL and HSEPL should not be categorized as 'group companies' in the offer documents and, consequently, the exemption set out below is being sought through this Application.

Exemptions sought

- (A) Regulation 300(1) of the SEBI ICDR Regulations empowers SEBI to relax the strict enforcement of the requirements under the SEBI ICDR Regulations if it is satisfied that (a) the requirement is procedural in nature, or (b) any disclosure requirement is not relevant for a particular class of industry or issuer, or (c) the non-compliance was caused due to factors beyond control of the issuer.

(B) In view of the above, we request you to provide the following exemptions, under Regulations 300(1)(a) and 300(1)(b) of the SEBI ICDR Regulations, respectively, from:

- (i) strict enforcement of the eligibility requirement contained in Regulation 15(1)(b) of the SEBI ICDR Regulations, and to consider the Resultant Equity Shares arising out of conversion of the Eligible CCPS that were acquired by the Promoters and were fully paid-up for more than a year, as eligible for fulfilling the requirements for Minimum Promoters' Contribution.
- (ii) identifying EFL, FFSP and HSEPL as 'group companies' of the Company and providing any disclosures in relation to such companies, as may be applicable.

The payment of non-refundable fees of ₹200,000, along with ₹36,000 towards GST, has been made through the payment gateway made available at SEBI intermediary portal on January 17, 2024, vide RTGS bearing UTR number SBINR12024011796416158 (**Annexure D**).

We trust the information included in this letter meets your application requirements and look forward to receiving your exemption.
