Mumbai

Another next generation member of the Shapoorji Pallonji family, Firoz Cyrus Mistry, the son of the late Cyrus Mistry, has been inducted to the board of Afcons Infrastructure, the flagship infrastructure engineering and construction company of the Shapoorji Pallonji Group.

This comes close on the heels of Pallon S Mistry, another next-generation member of the family, joining the Afcons board last month, “signalling next-gen family involvement in Afcons”.

Pallon Mistry is the son of Shapoor Mistry, who stepped down as Afcons Chairman and was named Chairman Emeritus.

Veteran Banker Santosh Balachandran Nayar was also inducted to Afcons Board.

“Both Firoz and Pallon have been engaged with the company for a long time, in their individual capacities. They will bring fresh perspectives and insights to the board...,” said Krishnamurthy Subramanian, Executive Chairman, Afcons.
